Berlin, 01/07/07

Dear Lance,

how are you?

Please find enclosed our contribution to the Art Market Mini. In order to install the project correctly, we need you to prepare it like this:

Take everything out of the packet, install the booth in your Art Market Mini Environment. Please take care that you install the booth so that the inner box can be taken out easily (it has to be put in from above!!!).

Once the booth is installed, fold back the outer small „straps“ (small card board walls on each side of the inner box). Please flatten also the front wall to the ground floor. When you are finished with this, make a tower with the pyramids in the middle of the box.

During the time of the Art Fair please follow the enclosed instructions.

Thanks a lot!

Best regards from Berlin,

Jana & Juliane

INSTRUCTIONS FOR THE HANDLING OF THE BOOTH  
CONTRIBUTED BY JANA LINKE & JULIANE ZELWIES

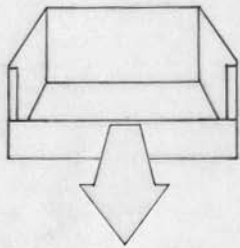

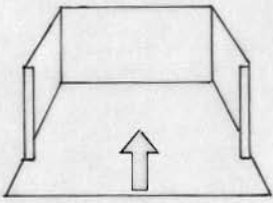

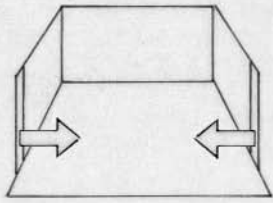

The following procedure is to be undertaken by the curator LANCE WAKELING or his designated staff during the time of the Art Fair:

1. take the box outside the booth everyday at noon  
(see drawings I).
2. move out the ceiling (lid) and turn it down to the front so that the box is shut tightly. If needed, use your thumbs to keep it closed (see drawings II).
3. maintain the box in upright position, hold it with your hands in front of you.
4. shake the box constantly for one minute in a rhythm of your choice.
5. to repatriate the box into its Art Fair surrounding:
  - a) Open the box carefully.
  - b) Fold back the ceiling (lid) behind the rear wall (see drawings III ).
  - c) Put it back into the booth (see drawings IV).
6. take one photograph of the interior of the box with the provided single-use camera, if possible from the front (maintain a distance of 4 feet).

7. thank you!
8. use the enclosed and addressed envelope to send the undeveloped film material back to Jana Linke & Juliane Zelwies at the end of the Art Fair.
9. thank you!
